Question and Answer Session

Safe Harbor Provision

This presentation contains forward-looking statements that are based on management's current expectations, but actual results may differ materially due to various factors. The company's results may be affected by factors including, but not limited to, the risks and uncertainties in pharmaceutical research and development; competitive developments; regulatory actions; litigation and investigations; business development transactions; economic conditions; and changes in laws and regulations, including health care reform. For additional information about the factors that affect the company's business, please see the company's latest Forms 10-K and 10-Q filed with the Securities and Exchange Commission.

The company undertakes no duty to update forward-looking statements.

Key Events Since the Last Earnings Call

Commercial:

- Launched Cyramza™ in the U.S. as a single-agent treatment for patients with advanced or metastatic gastric cancer or gastroesophageal junction adenocarcinoma with disease progression on or after prior fluoropyrimidine- or platinum-containing chemotherapy.

Regulatory:

- The European Commission approved empagliflozin, or Jardiance®, indicated in the treatment of type 2 diabetes mellitus to improve glycemic control in adults.
- Boehringer Ingelheim resubmitted the NDA for empagliflozin; FDA assigned a Class 1 (2-month) review.
- Boehringer Ingelheim submitted the fixed-dose combination of empagliflozin and metformin in Europe.
- Europe's CHMP recommended approval of Lilly and Boehringer Ingelheim's new insulin glargine product for the treatment of type 1 and type 2 diabetes.
- Submitted a sBLA in the U.S. for ramucirumab as combination therapy in patients with advanced gastric cancer (RAINBOW); in Europe, data from RAINBOW have been incorporated in the submission dossier.
- Disclosed that FDA assigned Fast Track status to necitumumab for first-line squamous NSCLC.

Clinical:

- At the ASCO meeting, presented detailed Phase 3 data from the REVEL trial of Cyramza in second-line NSCLC and from the SQUIRE trial of necitumumab in first-line squamous NSCLC as well as additional Phase 1 data for abemaciclib in NSCLC and breast cancer.
- At the ADA meeting, presented detailed data for three Phase 3 trials of dulaglutide: AWARD-6 head-to-head versus Victoza® and AWARD-2 and -4 head-to-head versus Lantus® with or without mealtime insulin.
- Announced positive, top-line results from three Phase 3 trials of basal insulin peglispro (BIL) in patients with type 2 diabetes; each trial showed a statistically superior reduction in HbA1c compared with Lantus; U.S. and European regulatory submissions are expected by the end of Q1 2015.
- Announced that the Phase 3 REACH trial of ramucirumab as monotherapy in patients with hepatocellular cancer did not meet its primary endpoint of overall survival.

Key Events Since the Last Earnings Call

Business Development/Other:

- Announced a co-discovery and co-development collaboration with Immunocore Limited for novel T cell-based cancer therapies.
- Completed the acquisition of Lohmann Animal Health, a global leader in poultry vaccines.
- Announced an agreement with Sanofi to pursue regulatory approval of nonprescription Cialis® (tadalafil) in the United States, Europe, Canada and Australia.
- The English High Court ruled that the vitamin dosage regimen patent for Alimta® would not be infringed by a generic competitor that stated its intent to market alternative salt forms of pemetrexed in several European countries upon expiry of the Alimta compound patents in 2015. Lilly has appealed this ruling.
- Based on the U.S. Supreme Court ruling in Akamai vs. Limelight Networks, Teva and APP filed an unopposed motion asking the Court of Appeals to remand the Alimta case back to the District Court to consider the issue of infringement; no dates have been set
- A Brazilian Labor Court ruled against the company's local subsidiary in a case alleging some employees were exposed to hazardous materials at a manufacturing facility; we strongly disagree with the ruling and have filed an appeal.
- Repurchased \$145 million of stock in Q2 2014 under recently-authorized \$5 billion share repurchase program.
